3 BUSINESS REVIEW AND OUTLOOK

3.1 Business Review

In 2022, we continued to focus on our core business of providing high-quality products and services to our customers. We have successfully implemented our strategic initiatives, which have resulted in significant growth and improved operational efficiency. Our strong financial performance and robust customer base have enabled us to maintain a competitive edge in the market.

During the year, we have successfully completed several key projects, including the launch of our new product line and the expansion of our distribution network. These achievements have contributed to our overall success and have positioned us for continued growth in the future. We remain committed to our core values and are dedicated to providing exceptional service to our customers.

Our financial performance has been strong, with revenue increasing by 15% compared to the previous year. This growth has been driven by our focus on innovation and customer satisfaction. We have also successfully managed our costs, ensuring that our profitability remains high. Our strong financial position allows us to invest in research and development, further enhancing our competitive advantage.

In addition to our core business, we have also explored new opportunities for growth. We have entered into strategic partnerships with leading industry players, which has enabled us to expand our market reach and diversify our product offerings. These partnerships have been highly successful, resulting in increased sales and improved customer loyalty.

Looking ahead, we are optimistic about the future of our business. We believe that our strong foundation and strategic focus will enable us to achieve our long-term goals. We will continue to invest in our people, technology, and infrastructure, ensuring that we are well-positioned to meet the challenges and opportunities of the future.

Our commitment to excellence and customer satisfaction remains our top priority. We will continue to strive for the highest quality in all our products and services, ensuring that our customers are always satisfied with their experience. We believe that this commitment is the key to our long-term success and sustainable growth.

In 2022, we have successfully implemented our strategic initiatives, which have resulted in significant growth and improved operational efficiency. Our strong financial performance and robust customer base have enabled us to maintain a competitive edge in the market.

4 MANAGEMENT DISCUSSION AND ANALYSIS

4.1 Financial Review

For the year ended December 31, 2022, the Company's revenue was RMB1,366.8 million, an increase of 13.6% compared with RMB1,202.8 million in 2021. The increase was primarily due to the increase in the number of projects completed and the increase in the average contract value. The Company's operating profit was RMB110.0 million, an increase of 23.5% compared with RMB88.5 million in 2021. The increase was primarily due to the increase in the number of projects completed and the increase in the average contract value. The Company's net profit was RMB80.7 million, an increase of 17.2% compared with RMB68.8 million in 2021. The increase was primarily due to the increase in the number of projects completed and the increase in the average contract value.

4.1.1 Revenue and Cost of Revenue

The Company's revenue is derived from the provision of services. The revenue is recognized when the services are completed and the payment is received. The cost of revenue is the cost of the services provided. The cost of revenue is recognized when the services are completed and the payment is received.

	For the year ended December 31,	
	2022	2021
	(RMB'000)	(RMB'000)
Revenue	1,366,817	1,202,774
Cost of revenue	110,018	71,077
	8,068	23,555
Total revenue	1,484,903	1,273,300

The Company's revenue is derived from the provision of services. The revenue is recognized when the services are completed and the payment is received. The cost of revenue is the cost of the services provided. The cost of revenue is recognized when the services are completed and the payment is received.

图 1 为一种基于深度学习的图像识别方法，其流程图如下：

```

    graph TD
      A[输入图像] --> B[预处理]
      B --> C[特征提取]
      C --> D[分类]
      D --> E[输出结果]
  
```

该流程图详细描述了图像识别的过程。首先，输入图像经过预处理步骤，然后进入特征提取阶段，接着进行分类，最后输出识别结果。
